Course Introduction:

In this course we will cover the period since Pre-History till Present. We will divide the whole course into four parts. The first part deals with historical perspective and geographic background in the context of emergence of Pakistan. The second part explores political and constitutional developments in Pakistan, history and politics since 1947 to present situation and circumstances of Pakistan. The third part will focus on aspects of Pakistan's society, culture, and economy, foreign policy of Pakistan and current issues and challenges that Pakistan is confronting today. The last part will focus on understanding geography of Pakistan. This course explores the struggle for Pakistan Movement, Muslim separatism and nationalism then after independent their theory and practice. We will likewise examine the post independent era the military and bureaucracy upheavals in the political dilemma of Pakistan. In this way we will critically examine the comparative historical perspective with the present circumstance and attempt to break down the eventual fate of Pakistan in such manner "

Course Objectives:

To develop vision of historical perspective, government, politics, contemporary Pakistan, ideological background of Pakistan.

To study the process of governance, national development, issues arising in the modern age and posing challenges to Pakistan.
