

# 5<sup>th</sup> Conference on Sustainability in Civil Engineering

## CALL FOR PAPERS

### CONFERENCE TRACKS

#### Track - 01: Green Construction Materials and Structures

Construction Materials  
Composite Materials  
Modern Materials  
Structural Material Behavior  
Structural Analysis  
Structural Design  
Earthquake Engineering  
Engineering Dynamics

#### Track - 02: Construction and Project Management for Sustainable Development

Building Information Modelling (BIM)  
Project Management for Sustainable Development  
Sustainability in Construction Projects  
Construction Safety  
Construction Contracts  
Smart and Sustainable Construction  
Construction Waste Management  
IT applications in Construction

#### Track - 03: Resilient Infrastructure and Environment

Environmental Engineering  
Environmental Sciences  
Irrigation Engineering  
Water Resource Engg. & Management  
Highway & Traffic Engineering  
Urban & Transportation Planning  
Geotechnical Engineering  
Geological Engineering

### Important Dates

Full Length Paper Submission.....11<sup>th</sup> May, 2023  
Camera Ready Submission.....01<sup>st</sup> June, 2023  
Acceptance Notification.....08<sup>th</sup> June, 2023  
Registration Deadline.....22<sup>nd</sup> June, 2023

### Registration Fee

Authors.....PKR 4000/- (USD 20)  
Student Author.....PKR 3000/- (USD 15)  
Additional Paper.....PKR 2000/- (USD 10)  
Participants.....PKR 3000/- (USD 15)

### Advisory Committee

**Patron**  
**Dr. M. Mansoor Ahmed**  
(Vice-Chancellor, CUST)

**General Advisor**  
**Dr. Imtiaz Ahmad Taj**  
(Dean Faculty of Engineering)

**Principle Advisor**  
**Dr. Ishtiaq Hassan**  
(Head of CE Department)

### Organizing Committee

**Dr. Majid Ali**  
(Chair)

**Dr. M. Ashraf Javid**  
(Member)

**Engr. Iqbal Ahmad**  
(Member)

**Engr. Shaheed Ullah**  
(Member)

**Engr. Arsalan Amjid**  
(Secretary)

### Overview CSCE '23

After successful conduct of 4<sup>th</sup> Conference on Sustainability in Civil Engineering in 2022, the Department of Civil Engineering at Capital University of Science and Technology, Islamabad, Pakistan is pleased to announce its 5<sup>th</sup> Conference on Sustainability in Civil Engineering 2023 on August 3<sup>rd</sup>, 2023. The conference aims to provide a shared platform for professionals from academia, industry and scholars to share and discuss their current research works and future ideas to support the development of a sustainable culture in Civil Engineering field keeping in view the Industrial Revolution 4.0.

### Submission Guidelines

CSCE '23 welcomes submission of Original Research, Review Papers and Case Studies with a length limit of 04 - 06 pages. Papers both in word and pdf format should be emailed at [csce@cust.edu.pk](mailto:csce@cust.edu.pk). All the papers will undergo peer review process. It is advised to strictly follow the template to avoid any inconvenience to the respected authors during review process. Plagiarism policy (i.e. overall and single source similarities less than 20% and 5%, respectively) should be followed strictly. Authors are requested to submit signed Declaration Forms in the prescribed format along with their final submission before registration. Paper template and copyright form are available at conference website i.e. [csce.cust.edu.pk](http://csce.cust.edu.pk). The oral & poster presentation guidelines will be communicated through paper acceptance email. All accepted papers will be included in ISBN proceedings.

### For Registration

**Engr. Arsalan Amjid**  
Email: [csce@cust.edu.pk](mailto:csce@cust.edu.pk)  
[www.csce.cust.edu.pk](http://www.csce.cust.edu.pk)  
Tel: +92-51-111-555-666 Ext – 452

## August 3<sup>rd</sup>, 2023

Department of Civil Engineering  
Capital University of Science & Technology, Islamabad Expressway,  
Kahuta Road, Zone-V Islamabad.
