Hands-on Training on Latex

Office of Research, Innovation and Commercialization (ORIC) organized “Training on Latex” on Monday, 7th October, 2024 in Instructions Lab-5, M-Block. Mr. Muhammad Umair Manager (Research Management) at CUST-ORIC participated in training on “Latex”. The purpose of the training was to equip participants with the most updated knowledge about creation of technical documents using Latex with practical illustrations.

Latex is a typesetting system suitable for producing scientific and mathematical documents which enable authors to typeset and print their work at the highest typographical quality. It is most often used for medium-to-large technical or scientific documents and can be used for almost any form of publishing. Some of the key topics covered in the workshop were Latex Overview, Installation Document, Write-up Mathematics Operations, Figures and Table of Contents Bibliography etc.

The resource person in the training was Dr. Rashid Ali, Professor (Department of Mathematics), CUST. A total of 40 participants, including students and faculty from department of Pharmacy attended the training. The response from participants was quite promising, and the workshop proved to be a great source of hands-on knowledge.
